Falling Down

Written by Polly Palmer

Falling down
Down to the ground

Where am I
I wish I could fly
Falling down
Down to the ground

Can I find love
Can I find a friend
Who am I
I wish I could fly

Falling down
Down to the ground

Am I alive
He blocks the sky
Why did he lie
I wish I could fly

Falling down
Down to the ground

Falling Down Drunk

Written by Dennis Dante

Falling down
Drunk on the ground

Where am I
I wish I knew why
Falling down
Drunk on the ground

Can I find my phone
Can I find my keys
Who am I
Can I remember please

Falling down
Drunk on the ground

My head is spinning
And my vision is dimming
I need to sober up
Before I throw up

Falling down
Drunk on the ground

Rental Listing

Spacious 2 Bedroom House for Rent – No Pets Allowed!

Welcome to your dream home! This beautiful 2-bedroom house is now available for rent in a desirable neighborhood. With its mid-century modern design, convenient location, and peaceful pet-free environment, this property is an ideal living space for 1-2 people. Read on for all the fantastic features this home has to offer:

 Location: Pasadena, CA

 Lease Term: 12 months

 Bedrooms: 2

 Utilities: Tenant responsible

 Bathrooms: 1

 Parking: free driveway parking

 Property Type: House

 Refrigerator: No, tenant must provide

 Monthly Rent: \$3000

 Pets: No, strict no pet policy

 Deposit: \$1500

 Smoking: No smoking on property

 Requirements and Additional Information:

- Background check required
- First month's rent and deposit due upon signing lease agreement
- Contact Information: Karen Kline,  kkline@gmail.com  (213)555-2023

★ Don't miss out on this amazing opportunity to make this house your home! Act fast as it won't stay on the market long!

DivergentBikes.net

Are you thinking about a Divergent Bike? 6 months after I purchased a \$18,000 DB carbon fiber bike, it failed and caused a crash.

Even though the failure was due to DB's manufacturing defects, DB refuses to refund my money!

Fun?

Instructors are going to spend the next 6 weeks working on editing and improving the learning objectives in a legal research course taking 1 learning objective each week where they draft, redraft, edit, and vote on new objectives. Come with some fun, clever names for this activity.

Creating engaging and memorable names for such an activity can boost enthusiasm and participation among the instructors. Here are some fun and clever suggestions for naming your legal research course's learning objective revision activity:

1. **"Objective Odyssey"** - Embark on a six-week journey to explore and refine the realms of legal research learning objectives.
2. **"DraftCrafters Guild"** - Join the guild of instructors as they meticulously craft, sculpt, and refine the art of learning objectives.
3. **"EditQuest: The Learning Objective Chronicles"** - Venture through the stages of drafting, redrafting, editing, and voting in the quest for the ultimate learning objectives.
4. **"Legal Lexicon Lift-Off"** - Prepare for takeoff as we launch into a mission to elevate and enhance our course's learning objectives.

Everyday Tasks

- Emails/Memos
 - Rephrasing

draft a polite response to someone that explains how difficult and costly it would be to download all of the form 410s (proof of claim forms) filed in all of the chapter 11 bankruptcy cases filed in all federal bankruptcy courts from 2000 to present in the United States

Certainly! Here's a polite and informative response that explains the challenges associated with the task:

Emails

Thank you for reaching out regarding your request to download all Form 410s (Proof of Claim forms) filed in Chapter 11 bankruptcy cases across all federal bankruptcy courts from the year 2000 to the present.

I appreciate the significance of the information you are seeking; however, I must share that fulfilling this request poses considerable logistical, financial, and technical challenges. Firstly, the volume of data involved is substantial, as it spans over two decades of filings across numerous bankruptcy courts throughout the United States. Each court maintains its records, which would necessitate extensive coordination and potentially varied approaches to access these forms.

Emails

Secondly, the financial cost associated with aggregating and downloading such an extensive dataset would be significant. It involves not only the direct costs of accessing these records, many of which might incur fees per document, but also the indirect costs related to data storage and management.

...

Given these factors, I recommend considering a more focused approach, potentially narrowing down the request to specific courts and shorter time frames, which might make the endeavor more feasible.

...

Resume [REDACTED].pdf
PDF

Use the attached resume to write a recommendation letter for a student to transfer to another law school. Use her full name once and then refer to her as [REDACTED] thereafter. I was her professor for the Legal Research portion of Legal Research, Writing, and Advocacy I in the Fall 2023 semester.

Recommendation Letter

Dear Members of the Admissions Committee,

I am pleased to write this letter of recommendation for [...], who has expressed a keen interest in transferring to your esteemed law school. As [...] professor for the Legal Research component of the Legal Research, Writing, and Advocacy I course at the University of Southern California Gould School of Law during the Fall 2023 semester, I had the privilege of witnessing first-hand her exceptional legal acumen, dedication, and analytical prowess.

Recommendation Letter

[...]’s decision to pursue further legal studies at your institution is motivated by her desire to deepen her knowledge and refine her skills in a vibrant new academic setting. Given her stellar academic record, her rich professional background, and her unwavering dedication to her legal studies, I am confident that [...] will be an excellent addition to your law school community.

Background

Tenant's Right to Stay on Property by Paying Amounts Owed

In any summary ejectment (eviction) for failure to pay rent where the landlord is awarded a judgment for possession of the leased premises, the tenant has the right to remain in the leased premises by giving cash, a certified check, or a money order to his agent to cover all past due rent and late fees, plus court-awarded costs and fees at any time before the judgment is entered. This is called the "right of redemption."

However, the tenant's right of redemption (i.e. right to stop the eviction) is not available if 3 (4 in Baltimore) judgments for possession for rent due and unpaid were entered against the tenant in the 12 months prior to the beginning of the tenant's possession.

A landlord may not refuse payment from a rental assistance program managed or funded by a county or city.

Read the Law: [Md. Code, Real Property § 8-401\(g\)](#)

AALL / YOUR LEGAL
KNOWLEDGE NETWORK™

Failure to Pay Rent Case Records – Shielding

When a tenant fails to pay rent, a landlord may initiate a failure to pay rent proceeding in the District Court seeking to reclaim possession of the leased premises. Once the complaint is filed, a publicly accessible case record is created. Regardless of the ultimate resolution of the case (e.g., dismissal, eviction, redemption of possession by payment, etc.), the case record remains publicly accessible, potentially impacting a tenant's ability to secure housing in the future.

Senate Bill 19 (passed) requires the District Court, within 60 days after the final resolution of a failure to pay rent proceeding that did not result in a judgment of possession, to shield from public inspection all related court records. The District Court may shield all court records relating to a failure to pay rent proceeding that results in a judgment of possession if certain requirements are met. Specifically, on motion of a tenant, the court may shield court records relating to a proceeding that resulted in a judgment of possession if (1) the tenant demonstrates by a preponderance of the evidence that the tenant exercised the right of redemption (*i.e.*, paid all past due amounts as determined by the court as well as any court-awarded costs or fees) and at least 12 months have passed since the final resolution of the proceeding that the tenant seeks to shield or (2) the District Court determines that there is good cause to shield the records. A shielded record may only be opened on a written request by the tenant or pursuant to a District Court order for good cause shown. To facilitate the bill's requirements, the Judiciary must develop and publish on its website a specified form by October 1, 2024.

The manual review process

1. Flip through the 90 day report until something looks relevant
2. Go read the bill (or the summary)
3. Go find the PLL article that's related
4. See if there are statutory citations
5. See if anything else needs to change

can you help me write a simple computer program?

Sure, I'd be happy to help! What kind of program would you like to write? If you have a specific task or language in mind, please let me know the details.

#AALL24

AALL / YOUR LEGAL
KNOWLEDGE NETWORK™

Build

i need to write a program that analyzes data on a website. I need the program to look at a page like this:

https://mgaleg.maryland.gov/mgaweb/Legislation/Details/2019_01_01/bills/20190101_0001

and check the status. If the status is "approved by the governor" the program needs to extract the data under "statutes" and output the data into a csv. do you know how i can do that?

Yes, I can help you with that! You can achieve this by using `Python` with libraries such as `requests` for fetching the webpage, `BeautifulSoup` for parsing the HTML, and `csv` for writing to a CSV file.

Build

python

 Copy code

```
import requests
from bs4 import BeautifulSoup
import csv

# Define the URL of the webpage
url = "https://mgaleg.maryland.gov/mgaweb/Legislation/Details/HB0001"

# Send a GET request to the webpage
response = requests.get(url)
if response.status_code == 200:
    # Parse the HTML content of the page
    soup = BeautifulSoup(response.content, 'html.parser')
```

Build

Explanation

1. **Requests:** The ``requests`` library is used to fetch the content of the webpage.
2. **BeautifulSoup:** The ``BeautifulSoup`` library parses the HTML content.
3. **Status Check:** The script checks if the status of the legislation is "Approved by the Governor".
4. **Extract Statutes:** If the status is approved, it extracts the data under the "statutes" section.
5. **Write to CSV:** The extracted data is written to a CSV file named ``statutes_data.csv``.

#AALL24

AALL / YOUR LEGAL
KNOWLEDGE NETWORK™

LLM as ~~Assistant~~ Teacher

To be honest I have no idea what you are talking about. What is Python?

Python is a popular programming language known for its simplicity and readability, making it a great choice for beginners and experienced developers alike. It is widely used for web development, data analysis, artificial intelligence, scientific computing, and many other applications.

Key Features of Python

1. **Readability:** Python code is designed to be readable and easy to understand, with a syntax that emphasizes clarity.
2. **Versatility:** Python can be used for a variety of tasks, from web development to data analysis to scripting.
3. **Libraries and Frameworks:** Python has a rich ecosystem of libraries and frameworks that make it easier to perform complex tasks.
4. **Community:** Python has a large and active community, which means plenty of resources, tutorials, and support are available.

Teacher

How to Get Started with Python

1. **Install Python:** Download and install Python from the [official website](#).
2. **Install a Code Editor:** You can use any text editor, but integrated development environments (IDEs) like PyCharm, VS Code, or Jupyter Notebook can make coding easier.
3. **Run Your First Script:** You can start by writing simple scripts and running them to see how Python works.

Teacher

Steps to Run the Script

1. Save the script to a file, for example, ``write_hello_world.py``.
2. Open your command line interface (CLI) or terminal.
3. Navigate to the directory where you saved the script.
4. Run the script by typing ``python write_hello_world.py``.

This will create a CSV file named ``hello_world.csv`` in the same directory with the content "hello world".

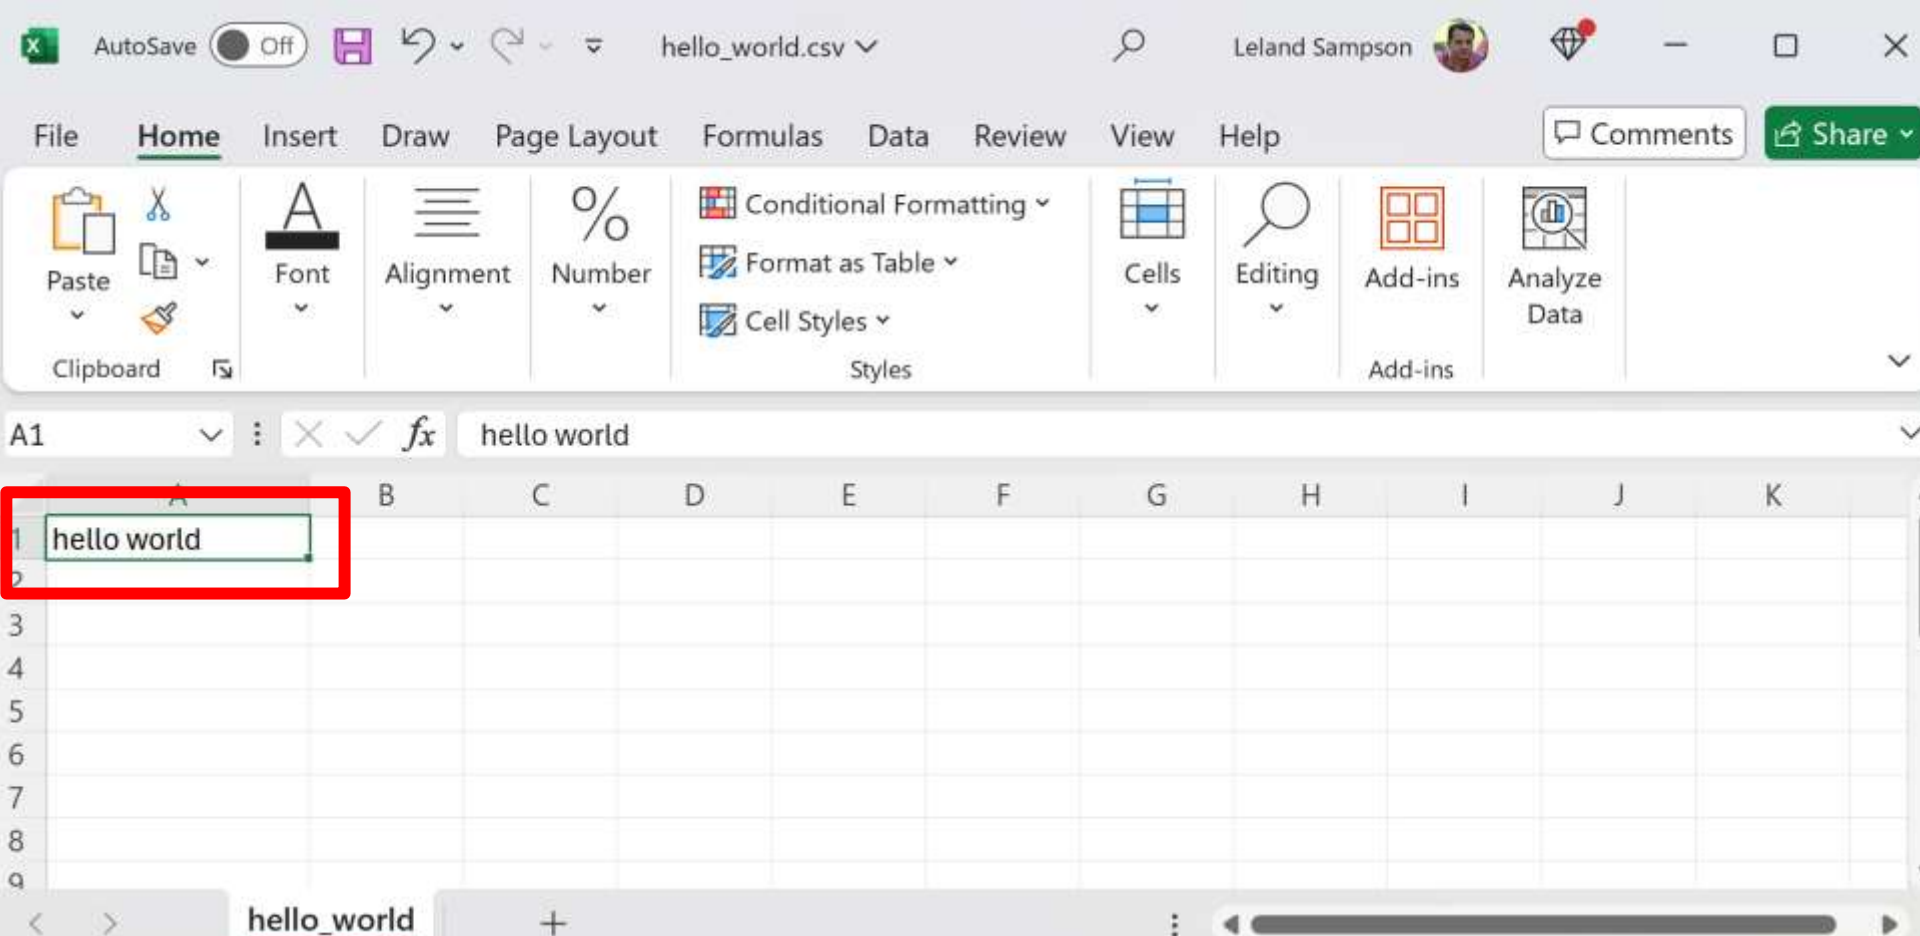

Would you like me to explain any part of the script in more detail?

```
# Define the filename
filename = "hello_world.csv"
```

Teacher

write_hello_world.py

```
1  import csv
2
3  # Define the filename
4  filename = "hello_world.csv"
5
6  # Open the file in write mode
7  with open(filename, mode='w', newline='') as file:
8      writer = csv.writer(file)
9
10     # Write "hello world" to the CSV file
11     writer.writerow(["hello world"])
12
13 print(f"'hello world' has been written to {filename}")
14
```

[illegible]

Debugging

This code you gave me doesn't work, can you fix it?

Let's address the issue systematically. Here's a revised version of your script with some improvements and error handling:

Debugging

2. Here is the revised script:

python

 Copy code

```
import csv
from selenium import webdriver
from selenium.webdriver.common.by import By
from selenium.webdriver.support.ui import WebDriverWait
from selenium.webdriver.support import expected_conditions as EC
from selenium.common.exceptions import NoSuchElementException, TimeoutException
from bs4 import BeautifulSoup

# Set up the Selenium webdriver
driver = webdriver.Chrome()
```

Debugging

Key Changes and Fixes:

1. **Better error handling:** Added more specific exception handling to catch different types of exceptions.
2. **Handling potential issues with WebDriver:** Ensure that the browser is closed properly in the `finally` block to prevent it from hanging.
3. **Ensuring the bill table and "Next" button are properly identified and interacted with:** Added additional checks and waits.

Define

ga_bills_passed_by_both_extract.py

```
1 import csv
2 from selenium import webdriver
3 from selenium.webdriver.common.by import By
4 from selenium.webdriver.support.ui import WebDriverWait
5 from selenium.webdriver.support import expected_conditions as EC
6 from selenium.common.exceptions import NoSuchElementException, TimeoutEx
7 from bs4 import BeautifulSoup
8
9 # Set up the Selenium webdriver
10 driver = webdriver.Chrome()
11
12 try:
13     # Open the URL
14     driver.get("https://mgaleg.maryland.gov/mgaweb/Legislation/Report")
15
16     # Find the bill table
17     wait = WebDriverWait(driver, 10)
18     bill_table = wait.until(EC.visibility_of_element_located((By.ID, "pa
```

Teacher

can you tell me what this code does?

Certainly! This script is a web scraper that uses Selenium and BeautifulSoup to extract information about bills passed by both chambers of the Maryland General Assembly from their website and save it to a CSV file. Here's a step-by-step explanation of what each part of the code does:

LLM as Assistant - Refine

Bill Number	Bill Name	URL	Article	Sections	Effective Date

What is the standard of review for a symbolic speech challenge in the Ninth Circuit Court of Appeals?

Answer

The standard of review for a symbolic speech challenge in the Ninth Circuit Court of Appeals varies depending on the circumstances and type of speech at issue. Generally, content-based regulations are subject to strict scrutiny, while content-neutral regulations are subject to intermediate scrutiny.

Analysis

Several of the authorities found provide guidance on the standard of review for a symbolic speech challenge in the Ninth Circuit. United States v. Swisher, for example, discusses the distinction between

19 cases = 2 minutes

▲ Pinard v. Clatskanie Sch. Dist. 6J ⁶⁰

United States Court of Appeals for the Ninth Circuit | Oct 30, 2006 | 467 F.3d 755 | U.S. Federal

OVERVIEW: Although school district and officials were entitled to punish students for engaging in conduct that disrupted operation of varsity basketball program, district court erred in holding that students' speech against their coach were not protected under First Amendment because speech could not have reasonably led officials to forecast disruption.

What is the status of Rite Aid's bankruptcy

R

Based on Reorg's Intel, Rite Aid Corp., a Philadelphia-based operator of over 2,000 retail pharmacy locations and a nationwide pharmacy benefits management business, filed for chapter 11 bankruptcy on October 15, 2023, in the U.S. Bankruptcy Court for the District of New Jersey. The company attributed the bankruptcy filing to onerous debt service obligations, with \$4 billion in funded debt that carries \$200 million in annual interest payments that have hindered Rite Aid's ability to execute on turnaround initiatives and in-store investments ¹.

As of March 11, 2024, Rite Aid and the U.S. Department of Justice had reached a settlement to resolve allegations in the government's complaint in intervention. The settlement requires DOJ approval and confirmation and effectiveness of a chapter 11 plan of Rite Aid in the U.S. Bankruptcy Court for the District of New Jersey ².

However, by May 22, 2024, Rite Aid's liquidity concerns were in the spotlight.

中国法下代孕亲子关系认定规则探究 ——以跨国实践为视角

张钧凯

(北京大学 法学院, 北京 100871)

摘要: 跨境生殖旅游为生育困难的夫妇提供实现代孕的可能性, 但也带来诸如父母身份的认定问题、代孕子女的公民身份问题及社会权利、家庭关系和儿童发展等社会问题。随着司法机构在实践中的积极探索, 儿童利益等要素, 和强调保护家庭关系在其中的重要性, 于代孕与生育伦理之间的冲突, 内嵌构建现代家庭关系所面临的困境。需要认识到亲子关系是维护家庭关系的重要环节, 在确定代孕子女法定父母身份时, 应区分并尊重其因法律和社会因素而产生的法律地位, 防止以“基因加出生认定”的简单标准确定监护人的身份, 这种可以确保代孕子女的法律地位, 并保障保护儿童利益与维护家庭关系的重要目的。

关键词: 代孕; 国籍; 亲子关系; 辅助生殖技术
中图分类号: D912; D913 **文献标志码:** A **文章编号:** 1009-3370(2024)05-0111-12

现代医学技术的进步使得女性获得一定的生育解放, 这促使自然生殖与人工生殖的界限日渐模糊。代孕技术自诞生以来即饱受争议, 不仅引发一系列伦理讨论, 许多国家也立有对代孕严格管制。据统计, 中国每年赴海外代孕的夫妇不在少数。与之有关的法律问题也不断凸显。现有的学术研究大多集中在代孕的合法性, 是否有条件开展代孕以及代孕协议的法律效力等问题, 从现有法律框架内切入, 能够对代孕规则提供理论支撑, 但代孕并非纯粹的法律概念, 而是真实世界中的事实行为。不仅要关注该行为本身, 而且也不能忽视已经出生的代孕子女。相比之下, 大多数的现有研究似乎回避了已出生代孕子女的未来状况以及法律风险, 这可能引发更加复杂的社会问题, 也不利于未来对代孕的立法调整。子女与父母之间的联系最为紧密, 而代孕存在的重大争议点即在于代孕亲子关系的描述。

一、中国法下代孕子女的身份困境

人类辅助生殖技术通过技术手段辅助生育的行为, 包括“人工授精”“精子卵子冻存”及“代孕”等多种技术。从医学的角度看, 代孕即一名女性代替另一名生理上不能或不适宜怀孕的妇女怀孕生子, 将精子和卵子植入试管中人工授精, 待人工培育形成胚胎后将植入代孕者子宫内而怀孕生产的过程^[1]。在代孕实践中, 采取不同的代孕手段所引起的法律问题和法律规则差异较大。有必要先予以说明。例如, 根据精子来源不同, 可分为“完全代孕”“部分代孕”与“假借代孕”^[2]。在完全代孕与假借代孕中, 没有使用代孕母亲的遗传物质, 卵子可以由委托母亲提供, 或者是其他提供卵子的卵子, 此种情况下仅借用代孕母亲的子宫孕育胎儿。在部分代孕的情况下, 代孕母亲会提供自己的卵子作为受精卵, 通过与捐赠父亲的精子或提供精子的受精来受孕。此种代孕方式主要采用人工授精的技术手段, 为规避歧义, 本文讨论的范围均指在代孕儿童至少与委托夫妇一方具有基因联系的情形。

代孕需要由当地法律以医疗技术的支持, 由于国家间的法律体系差异导致的医疗技术能够满足要

Exploration of the Rules for Determining Parent-Child Relationships in Surrogacy under Chinese Law

—From the Perspective of Transnational Practice

Zhang Junkai

(Peking University Law School, Beijing 100871)

Abstract: Cross-border reproductive tourism provides the possibility of surrogacy for couples with fertility difficulties, but it also brings about social issues such as the difficulty in determining parental identity, citizenship issues for surrogate children, and social welfare, family relationships, and child development. Judicial institutions abroad emphasize factors such as genetics and the interests of the child in practice, but overlook the importance of marriage and family. The conflict between the interests of the child and reproductive ethics highlights the concerns faced in constructing modern family relationships, and it is necessary to recognize that parent-child

Meeting transcription top features

Speaker identification. Tactiq is a great listener and detects who said what so you can understand their tasks, goals, and priorities.

Real-time transcriptions. Get a live view of transcriptions during meetings in the non-intrusive, bot-free Tactiq window. Effortlessly track topics and reference previous remarks during conversations.

Fast search. Quickly jump to the exact part of the conversation you need for reference to bring up ideas, priorities, and insights.

Over 30+ languages. Tactiq speaks English, Spanish, French, German, and 30+ other languages to generate transcripts for international teams.

Add tags & labels. Make it easier to find action items, decisions, questions, or highlights by adding tags, labels, or comments to the live transcript.

Take screenshots. Add visuals to the transcript and capture important moments, specific references, or parts of a presentation you will need later.

Export to docs. Turn live transcriptions into a range of documents and formats using the PDF or TXT export to automate documentation, content for knowledge bases, and task briefs.

Measure speaker participation. View speaker stats after the meeting to understand who are the most active participants.

Share transcripts. Share meeting transcripts, summaries, and recaps with speakers or other stakeholders easily via email or shareable link.

Meeting Summary

Agenda

- Introduction and reminders
- Discussion on confirming and influencing using evidence
- Overview of articles on evidence-based library and information practice
- Sharing of personal experiences using evidence to confirm or influence decisions
- Presentation on evidence for technology purchase proposal
- Presentation on evidence for budget cuts in a school library
- Introduction to ethics in library decision-making
- Announcement of upcoming guest speaker on copyright

Confirming and Influencing Using Evidence

Cindy discussed the concept of confirming and influencing decisions using evidence. Confirming involves understanding and corroborating a situation that has already occurred, while influencing involves using evidence to make decisions and influence others. She shared a graph of faculty research requests over three fiscal years as an example of using evidence to confirm a situation. Cindy also asked students to share their experiences of using evidence to confirm or influence decisions.

Evidence for Technology Purchase Proposal

Sophia presented a scenario where the library dean was tasked with drafting a technology purchase proposal. Her group discussed the types of evidence that would be useful for making informed decisions, including hard evidence such as technology specifications, cost comparisons, and usage data, as well as soft evidence such as feedback from staff and students, reviews, and insights from other institutions.

Introduction to Ethics in Library Decision-Making

Cindy introduced the importance of considering ethics and the law when making decisions in libraries. She highlighted four main categories of ethical considerations: intellectual property or copyright, intellectual freedom and censorship, conflicts of interest, and privacy and confidentiality.

Next Steps

Cindy reminded students their first written assignment was a library policy reflection and offered guidance in choosing a suitable policy. She announced that the next session would include a guest speaker, Kyle Courtney, who would provide an overview of copyright law and discuss the Internet Archive decision. Students were encouraged to contact Cindy if they had any questions and to email their preferred on-call week.

AI Project Meeting _2024-06-04.docx

Query

This is a transcript of a call. Can you please draft a list of action items assigned to each person?

Response

The transcript of the call indicates that the following action items were assigned to each person:

- Mxxxx: create a presentation based on the language in the outside counsel guidelines and the target for the presentation will be the partners. [1] [2]
- Axxxx: talk to Jxxxx about PRODUCT and the policy acknowledgement. [3] [4] [5]
- Kxxxx: schedule a training session on captivate with Exxxx for next week. [6] [7] [8]
- Cindy: present the advanced use cases of AI tools at the AA Double L webinar series. [9] [10]
- Jxxxx: coordinate with Axxxx to meet with VENDOR about PRODUCT and AI 2.0. [11] [12] [13] [14]
- Cxxxx: write a short internal memo about the presentations on AI that the team has done externally. [12] [15] [16] [17]
- Lxxxx: provide feedback on the survey results and the follow-up interviews with attorneys. [18] [19] [20] [21]
- Hxxxx: request access to all the summer associate projects on the work allocation platform. [22] [23] [24] [25]

Expand Your Knowledge

REQUESTER: *A nonprofit plans to ask a donor to provide funding to hire a full-time staffer for 3 years at the organization. Can you please research this to make sure there are no legal implications?*

ME: *What type of legal implications?*

REQUESTER: *Any*

ME: 

GenAI Answer Provides Several Solid Research Leads

When a donor funds employee staff positions for a nonprofit organization, there are several legal and tax issues that may arise. Here are a few key considerations:

- **Nonprofit Status:** The nonprofit organization must maintain its tax-exempt status by ensuring that the funded positions align with its charitable mission. The activities performed by the employees should serve a charitable purpose and comply with the organization's tax-exempt purpose.
- **Employment Laws:** The organization must comply with all applicable employment laws and regulations, including minimum wage, overtime pay, employment eligibility verification (Form I-9), anti-discrimination laws, and workplace safety requirements.
- **Tax Deductibility:** Donors should consult with a tax advisor to determine if their donations to fund employee staff positions are tax-deductible. In some cases, the IRS may consider these donations as gifts to individual employees rather than charitable contributions.
- **Intermediate Sanctions:** If the donor has a close relationship with the employees or the nonprofit organization, there is a risk of triggering intermediate sanctions. These sanctions may apply if the compensation provided to employees is deemed excessive or unreasonable, potentially resulting in penalties for both the donor and the nonprofit.
- **Reporting Requirements:** Nonprofits are generally required to report employee compensation on their annual Form 990. If the donor's funding significantly affects the organization's financial situation, it must be accurately disclosed in the appropriate sections of the form.

Confirm the Negative

- Use GenAI to confirm your research and findings that there are no answers or no direct on-point sources

escape the rabbit hole
faster and with less costs

Confirm the Negative

“I’ve been searching for awhile and can’t seem to locate any STATE cases stating that allowing reference to a lost cell phone would be prejudicial or inflammatory. Can you help me find those cases?”

(attorney is a solid researcher so likely there are no cases)

PROMPT: Under XYZ state law, is referencing or referring to a lost mobile or cell phone considered prejudicial or inflammatory evidence that should be excluded?

ANSWER: Unfortunately, I could not find any relevant case law responsive to your legal research request.

Do Something New

- Employ GenAI tools to complete a new task accurately and efficiently

- **Upload templates** of writing you'd like to emulate
- **Direct me** as you would an assistant

- Upload translated requirements > Select suggested GenAI output

Corpus Security

- Ensure corpus source security by having collection records and avoiding prohibited sources.
- Implement content filtering techniques such as keywords and classification models to maintain corpus content security.
- Organize safety training for annotation personnel and establish clear annotation rules.
- Verify the objectivity and diversity of annotated corpus.
- Conduct a security assessment on the source corpus if illegal information exceeds 5%.

Safety Measures Requirements

- Provide users with options to opt-out of data collection for training.
- Establish normalized monitoring and evaluation methods to identify and address safety issues.
- Ensure computing systems used for training and inference meet national regulations and standards.

Security Assessment Requirements

- Develop comprehensive test question banks for generated content and refusal tests.
- Update keyword databases and classification models according to network security needs.
- Conduct regular security assessments and audits to ensure compliance with established security standards.

excerpt

Proactive Partners

- Assist with preparation for a client meeting

“For a pitch to COMPANY tomorrow, we need to know their current financial status. Please send us last 2 years of 10Qs, 10Ks, and the FY24 Q2 earnings call.”

(legal team needs to digest hundreds of pages FAST)

- Upload the XYZ, Inc. FY24 Q2 earnings call transcript
- Select an option for the depth of the summary

	Brief Summary High level overview of the document in 1-3 paragraphs
	Detailed Summary Multi-page detailed summary that includes all important information from the document
	Comprehensive Summary Page by page summary of the document, for a comprehensive overview. <i>Recommended for deposition transcripts, medical records, law review articles, statutes and contracts.</i>

Pages 14-19

- XYZ expects other income and expense to be \$275 million to \$325 million for the full year.
- XYZ expects their full year effective tax rate to be in the high teens range.
- XYZ is offsetting softer second half revenue with strong gross margin execution and disciplined cost controls.
- M.B. (Charles Schwab) asks about structural changes and the product pipeline.
- J.D. discusses the structural changes, including the realignment of the organization under S.T. and P.Q.

excerpt

Proactive Partners

- Stay current on legal developments

“Retrieve this latest complaint against our client. We need to let them know what the suit is about.”

“Please send the bill introduced/passed about TOPIC.”

***PROMPT: Summarize the key findings and opinions of
EXPERT in one paragraph based on the attached documents.***

EXPERT'S research, spanning from 2000 to 2019, reveals significant shifts in outpatient care for Medicare beneficiaries. His study highlights a notable increase in specialist visits and the number of specialists seen, while primary care visits remained stable. The proportion of beneficiaries seeing five or more physicians annually rose from 17.5% to 30.1%, indicating a growing care coordination burden for primary care providers (PCPs). EXPERT'S findings suggest that the U.S. healthcare system has become more specialist-centered, complicating the role of PCPs and weakening their relationships with specialists. He also identifies persistent racial disparities in care access, with Black patients consistently having fewer visits than White patients. EXPERT emphasizes the need for policy reforms to address these challenges, advocating for comprehensive, risk-adjusted, population-based payment models to better support primary care. His work underscores the importance of adapting primary care to manage the increasing complexity and fragmentation of patient care.
